## VICTORIA R.

Whereas it has been represented to Us that it is expedient to extend the term for which the appointment of Adjutant may be held in a Regiment of Cavalry or a Battalion of Infantry;

Our will and pleasure is that Article 39 of Our Warrant of the 11th March 1882 be cancelled, and that the following article be substituted in lieu thereof:—

While employed as Adjutant, the Captain or Lieutenant shall be supernumerary in his rank in the Regiment or Battalion.

Given at Our Court at Balmoral this 18th day of October 1882, in the 46th year of Our Reign.

## ARMY CIRCULARS—continued.

**REGULATIONS FOR THE COMMISSARIAT AND TRANSPORT STAFF.****Cl. 236.—Exemption from Custom Duties.**

The following will be substituted for paras. 178 to 182 of the Regulations for the Commissariat and Transport Staff, 1881 (Army Regulations, Vol. IV., Part I.):—

178. In Foreign Possessions of the Crown, the Senior Commissariat Officer will apply to the Colonial Government for the remission or rebate of duties on supplies of every description, imported or supplied by sea or inland carriage or navigation, for the public use of Her Majesty's Forces, whether the duties are imposed by Acts of the Imperial Parliament or of the Colonial Legislatures.

179. He will also apply for a rebate of duty on supplies sold for the public use of the troops, though not directly imported for that purpose.

180. When articles ordinarily liable to duty are supplied under contract for the use of the troops, the following course will be pursued, except in those Colonies where the steps indicated in paras. 182a and 182b are taken:—

- (a.) The Senior Commissariat Officer will cause a statement to be prepared detailing the articles to be imported, and specifying the vessel in which they have arrived or will arrive.
- (b.) He will forward this statement to the proper Custom House Officer, and obtain authority thereon for the admission of the supplies free of duty.
- (c.) He will then hand over the statement to the Commissariat Officer who is to receive the supplies, in order that he may deliver the same to the Collector of Customs at the port where the goods are to be landed. The Commissariat Officer will give a receipt in duplicate for the articles delivered to him under the superintendence of the Officers of Customs.

181. These regulations are not intended to sanction the importation of any goods from places or in vessels not authorised by law. No greater quantity of goods than shall be mentioned in the statement laid before the Senior Commissariat Officer will be landed without his previous sanction; and all articles imported for the purpose of being supplied under contract for the use of the troops will be liable to the same examination and form of entry as goods imported in due course of trade, and will be landed only in the usual hours of business, and in the presence of an Officer of the Customs, except in cases of emergency, and by special order of the Governor, which will be obtained by the Senior Commissariat Officer, as directed in para. 178.

182. With the view of preventing articles which have been imported duty free, for the use of Her Majesty's troops, from being brought into general consumption without the payment of duty, the following course will be pursued:—Heads of Departments will furnish the Senior Commissariat Officer with quarterly certificates of the articles and quantities imported duty free, which have been actually used or retained for Army Service; and the Senior Commissariat Officer will forthwith apprise the Officers of the Customs of the particular quantities, and the description of the articles, returned to contractors, or sold, or otherwise not used or retained for Army service, in order that they may be enabled to levy and claim the duty thereon.

182a. In Colonies where, instead of allowing the free importation of articles for the use of the troops, a rebate of duty is granted, Heads of Departments will furnish to the Senior Commissariat Officer, quarterly certificates of the articles and quantities actually used for Army service on which duty is to be repaid, in order that he may take the necessary steps for obtaining rebate. In the case of articles provided under contract these certificates will be given to the contractors to enable them to claim the rebate direct.

182b. This course will also be followed with regard to the rebate to be given for supplies not imported directly for the troops, though afterwards purchased for the public use.

## ARMY RESERVE.

(ISSUED AS A SPECIAL ARMY CIRCULAR ON THE 25TH OCTOBER 1882.)

## CL. 239.—De-mobilization of the 1st Class Army Reserve.

On orders being given for the re-transfer to the Army Reserve of the soldiers who were called out on permanent service, by Her Majesty's proclamation of the 25th July 1882, the following instructions will be observed :—

1. The re-transfer of the men to the Army Reserve will be carried out in accordance with the instructions contained in Section XIX. of the Queen's Regulations and Orders for the Army governing the ordinary transfer of soldiers to the Reserve on the expiration of their term of service with the Colours, subject to the following modifications.

2. On receipt by the Corps of the order for de-mobilization, a furlough of 42 days will be granted to each soldier re-transferred to the Army Reserve, and the date of the expiration of such furlough will be considered for all purposes as the date of the expiration of Army service with the Colours.

3. Men in hospital will be dealt with as prescribed in para. 97a, Section XIX., of the Queen's Regulations and Orders for the Army, and will not be re-transferred to the Army Reserve until fit to travel. Men in prison will not be re-transferred until the expiration of their imprisonment. Both men in hospital and men in prison will be granted furlough on re-transfer to the Army Reserve, in accordance with para. 2.

4. Each man, before proceeding on furlough, will be furnished with the documents specified in para. 96, Section XIX., Queen's Regulations and Orders for the Army, and will be instructed to report himself before the expiration of his furlough, either personally or by letter, to the Officer paying the Army Reserve of the District in which he intends to reside.

5. The man, if he reports himself by letter, will be instructed to forward with his letter his protecting certificate. New parchment Descriptive Returns (Army Form D 426) will be issued to the men in exchange for their protecting certificates.

6. In preparing the documents for transmission to the Officers charged with the payment of the Army Reserve, each man's service will be completed up to and including the date on which his 42 days' furlough will expire; a fresh "Proceedings on discharge" (Army Form B 268) and "Parchment Discharge Certificate" (Army Form B 128) being prepared in each case.

7. The men will in all cases be marched to the railway station or steamer under proper charge. General Officers or other Officers Commanding Districts or Stations will make the necessary arrangements to ensure regularity, punctuality, and order. Officers Commanding will give timely notice to the railway authorities in the case of large numbers requiring conveyance on the same day.

8. The men will, from the date of re-transfer to the Reserve, be shown in all returns as re-transferred from the Corps with which they were serving at the time of de-mobilization.

9. Separation allowance will not in any case be issued beyond the end of the month in which the men are sent to their homes.

10. A list of the men of each regiment or Corps to be re-transferred will at once be forwarded to the Officer Commanding the Depot, in order that no further advance of separation allowance may be made to the wives and families of the married men.

\*11. Separation allowance will be issued to the wives and families of men who may remain in hospital or in prison under para. 3.

12. Although the men will proceed on furlough on de-mobilization, they will be entitled to travelling expenses and the same allowances as if sent to their homes under the ordinary conditions of transfer to the Reserve, except that they will be allowed to go to their intended places of residence within the United Kingdom, even if involving greater cost than a journey to the place of their attestation.

13. The accounts of the men will be completed up to the date of the expiration of the 42 days' furlough. The men will receive, on quitting their Corps, the balance of pay and allowances due to them up to that date, excluding the advance for the period of furlough, and an advance of 10s. out of the pay due to them for the period of furlough.

14. The balance of pay and allowance in lieu of rations for the period of furlough, together with the Army Deferred Pay for the period of mobilization, will be remitted to each man at his intended place of residence in the manner prescribed for the payment of deferred pay (paras. 445 to 449 of the Financial Instructions).

15. The men will receive Army Deferred Pay under the usual conditions for the period they received Army Pay, and will not, at the end of the financial year or on discharge, if discharged before the end of the financial year, receive Army Reserve Deferred Pay for such period.

16. Every man proceeding on furlough on re-transfer to the Army Reserve will be dealt with, as regards clothing, in accordance with para. 559 of the Regulations for the Supply of Clothing and Necessaries to the Regular Forces, 1881 (Army Regulations, Vol. XI.). In the event of plain clothes not being available, the sum of 17. will be allowed in lieu.

17. Clauses 102 and 104, Auxiliary and Reserve Forces Circulars, 1878, are hereby cancelled.

(Specially issued, 17th October 1882.)

I. The Queen has been graciously pleased to signify Her pleasure that a medal be granted to all Her Majesty's Forces employed in the recent operations in Egypt, which resulted in the defeat of the rebel army at Tel-el-Kebir, the surrender of the rebel chief, Arabi Pasha, and of the fortresses and troops under his orders.

II. The medal will be granted to all troops who landed in Egypt and served in that country between the 16th July and the 14th September 1882, both dates inclusive.

III. Her Majesty has also been pleased to approve of the grant of a clasp inscribed "Tel-el-Kebir" to those troops which took part in the night march from Kassassin, which ended by the assault on the enemy's entrenchments at Tel-el-Kebir about daybreak on the morning of the 13th September 1882.

IV. Rolls are to be forwarded to the Adjutant-General to the Forces without delay.

V. Staff Officers and Special Service Officers will forward their applications through the General Officers under whom they served. General Officers who served as such will forward rolls in favour of themselves and their respective Staffs.

VI. Officers who served as Heads of Departments will furnish returns of officers and others who served under their command.

VII. Officers Commanding Batteries of Royal Artillery, Companies of Royal Engineers, Regiments of Cavalry, and Battalions of Infantry and Companies of Commissariat and Transport Corps, will forward nominal rolls of Officers, Warrant Officers, non-commissioned officers and men who served under their command.

VIII. The rolls are to be prepared in duplicate in conformity with the form given in the Appendix, *see* p. 808. They should be made out on foolscap, the writing to be lengthwise from bottom to top of each page, with a margin of an inch on each side of the fold of the sheet to admit of binding. The names of the Officers and Warrant Officers will be entered in order of rank, those of the non-commissioned officers and men will be inserted strictly in alphabetical order, without reference to Troops or Companies in the case of Cavalry and Infantry.

IX. The names of men who, under Articles 910 to 912, Army Regulations, Vol. I. (Royal Warrant of 11th March 1882), have incurred forfeiture of the medal are also to be included in the rolls, and in the fourth column, the reasons which have rendered them ineligible are to be stated.

### G.O. 281.—Army Reserve.

(Specially issued, 25th October 1882.)

I. Her Majesty has been pleased to command that the services of those men of the 1st Class Army Reserve, called out on Permanent Service on the 25th July 1882, who joined the Reserve between the 1st January and the 30th June 1881, are no longer required.

II. These men will, unless they elect to remain on Army Service under para. III., be at once re-transferred to the Reserve, in accordance with the instructions contained in the Special Army Circular of 25th October 1882.

## GEN. ORDERS—continued.

III. The men may be permitted, either to extend their service with the Colours for two years (provided they do not thereby exceed the term of their original enlistment), or to complete their 12 years' engagement, but with the distinct understanding that they will have no claim to re-engage to complete 21 years, unless they shall have been promoted to be non-commissioned officers.

Applications for soldiers to extend their service under this order will be submitted by Commanding Officers on Army Form B 221, to the General Officer Commanding, by whom they will be dealt with as Competent Military Authority.

IV. Such of the men as may be serving abroad, and do not elect to remain on Army Service under para. III., will be sent home with all convenient speed with a view to their re-transfer to the Reserve under the above-mentioned instructions.

V. General Officers will report as soon as possible the number of men of this class who have elected to extend their service for two years, or to complete their twelve years' engagement respectively.

**DENT'S** CHRONOMETERS, WATCHES, and CLOCKS have long held pre-eminent rank, as may be seen from the Reports of various scientific persons:—

**THE ASTRONOMER ROYAL**, (Sir G. B. AIRY,) in his Report to the Admiralty (**13th of August 1870**) on the forty Chronometers entered for annual competition, says of M. F. DENT's Chronometer—

**"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER HAD ON TRIAL."**

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year 0.54 hundredths of a second. This is superior to any other yet tried."

**THE RUSSIAN IMPERIAL ASTRONOMER**, M. STRUVE, of St. Petersburg, reporting upon 81 Chronometers tested by the Russian Chronometrical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results."  
"M. STRUVE."

\*.\* By Command of the Emperor, the Russian Gold Medal of the Highest Order of Merit was presented to Mr. DENT.

**SIR WILLIAM ARMSTRONG**, Inventor of the Armstrong Gun, says:—

"9, HYDE PARK STREET, W., 14th November 1861.

"The Chronometer Watch you made for me in December 1859 has never been affected by travelling or riding; its variation at the end of a year was only 45 seconds. It has proved in every respect a most satisfactory Watch.

"W. G. ARMSTRONG.

**"Mr. M. F. DENT,  
33, Cockspur Street, Charing Cross."**

*The Report on CHRONOMETERS, WATCHES, &c., by the Judges at the Philadelphia Exhibition, can be had on application.*

**CL. 243.—Allowance Regulations, 1881—Separation Allowances for Families of Soldiers on Foreign Service.**

1. The following will be added after para. 90 of the Allowance Regulations, 1881 (Army Regulations, Vol. I. Part III.):—

90a. When the troops embark these allowances will be paid as follows:—

(a.) In Corps with Depôts, by the Paymaster paying the Depôt of the Corps in which the men are serving;

(b.) In Field Artillery and Royal Engineers by the Paymaster in whose payment the Battery or Company was at the time of embarkation;

(c.) In Household Troops by the Officer Commanding the Corps at home;

(d.) In Departmental Corps by the Paymaster of such Corps;

on the receipt, in each case, of the statements rendered, before embarkation, by the Commanding Officer, on Army Form O 1796 (as required by para. 454a, added to the Financial Instructions, 1882, by Clause 245, Army Circulars, 1882), showing the names of the Warrant Officers, non-commissioned officers, and men on the Married Establishment, the names and future addresses of the wives, and the number and ages of the children.

90b. In cases not provided for by para. 90a, application will be made to the War Office.

90c. The allowances will be paid either to the wife in person or by Post Office Order under the system established for the payment of Pensions, when the Paymaster is authorised to act as Postmaster, and in other cases by ordinary Post Office Orders.

2. In the first line of para. 91 of the above-mentioned Regulations, the words "paras. 89 and 90" will be substituted for the words "the two preceding paragraphs."

**CL. 244.—Financial Instructions, 1882—Prizes for Signalling.**

The following will be added after para. 442, of the Financial Instructions, 1882:—

442a. The Prizes for Army Signalling will be paid each year on the publication of the General Order showing the relative efficiency of the Corps in signalling, and the charges will be supported by a reference to the General Order, a statement of the names of the men, and by proof of payment.

**CL. 245.—Financial Instructions, 1882—Allotments of Pay.**

The following will be added to the Financial Instructions, 1882, after para. 454:—

(aa.) ALLOTMENTS OF PAY TO FAMILIES OF SOLDIERS ON FOREIGN SERVICE.

454a. When a Corps serving at home is placed under orders for active service, and the families of the men on the Married Establishment are to be left behind on embarkation, the Commanding Officer will prepare a statement on Army Form O 1796, showing the names of the Warrant Officers, non-commissioned

## ARMY CIRCULARS—continued.

officers, and men, the names and future addresses of the wives, the number and ages of the children, and the rate of allotment payable.

454b. The Commanding Officer will, before embarkation, forward the statement referred to in para. 454a, (a.) In Corps with Depôts, to the Paymaster paying the Depôt of the Corps in which the men are serving;

(b.) In Field Artillery and Royal Engineers, to the Paymaster in whose payment the Battery or Company was at the time of embarkation;

(c.) In Household Troops to the Officer Commanding the Corps at Home;

(d.) In Departmental Corps to the Paymaster of such Corps;

(e.) In all other cases direct to the War Office.

454c. The rate of the allotment inserted on Army Form O 1796 will be that prescribed by Art. 733 of the Pay Warrant, unless the soldier himself consents to make an allotment at a higher rate. In the latter case, he will sign the declaration on the form specifying the rate at which he wishes the allotment to be paid. Such rate will not, however, exceed three-fourths of his daily pay.

454d. The Paymaster or other Officer specified in para. 454b will, as soon as he receives the statement on Army Form O 1796, proceed to issue the amount of the allotment from the date of embarkation to the end of the month in which the statement is received, and will continue to make the payment monthly in advance.

454e. If the money cannot be paid to the wife in person, it will be remitted by means of an ordinary Post Office Order.

454f. The Paymaster will furnish to the War Office monthly a statement in duplicate showing the rank and name of the soldiers to whose families allotments have been paid, the periods of payment, and the amounts paid. This statement will be supported by proof of payment, and the first issue will also be supported by the statement on Army Form O 1796, showing the amount payable. The recovery of the amounts issued will be effected by the War Office through the Paymaster of the Corps on active service.

454g. Should any casualty occur among the men to whose families an allotment is being paid, or any circumstance arise materially affecting the allotment, it will be the duty of the Paymaster of the Corps on active service to send an immediate notification of such casualty or circumstance to the War Office, stating to what date the allotment has been recovered.

454h. The regulations contained in paras. 454a to 454g, apply to soldiers on the Married Establishment, but soldiers not on the Married Establishment will, with their own consent, be allowed to allot a portion of their pay for the benefit of their families on the same conditions. The Commanding Officer will, therefore, on the Corps being placed under orders for active service, take steps to ascertain if there are any married soldiers, not on the Married Establishment, who wish to make an allotment of pay to their families.

454i. Any such soldier will sign a declaration on Army Form O 1796, and the form so signed will be sent to the Paymaster specified in para. 454b. The Paymaster will issue the allotment, and report the amount paid to the War Office in the same manner as if the woman were on the Married Establishment.

454j. All sums paid on account of allotments will be charged in the accounts under a special head of "Allotments," the charge being supported by a statement showing the totals of the various lists transmitted to the War Office.

## EQUIPMENT REGULATIONS.

### I.—REGULAR FORCES.

#### CL. 255.—Ammunition.

The following will be substituted for Sub-section III., Section VII., Part I., of the Equipment Regulations, 1881 (Army Regulations, Vol. III.), as amended by Clauses 193 and 282, Army Circulars, 1881:—

### III. GUN AMMUNITION AND ROCKETS FOR PRACTICE AND EXERCISE.

#### Horse and Field Artillery.

245. The proportions of gun ammunition and rockets for practice and exercise for each battery of Horse and Field Artillery are as follows:—

ARMY CIRCULARS—continued.

*Common Shells to be fired as Shrapnel.*

246. Thirty common shells, out of the number allotted to batteries in Ireland, will be fired with time fuzes bored to burst within the limits prescribed for Shrapnel.

*Prize Competition.*

247. The proportions for practice include 60 common shells for prize competition, 30 being fired plugged.

*Cartridges.*

248. Cartridges will be supplied filled.

*Shells to be issued empty.*

249. Shells supplied to replace those used for the annual practice will, except at certain stations where it may be convenient to issue filled shells, be issued empty, with plugs and gas-checks, and will be filled by the batteries. In such cases the following stores will be issued at the stations where the batteries are quartered, and will be returned into store when the operation of filling the shells is completed:—

*Stores for Filling Shells.*

Wads, papier-mâché, fuze-hole, G.S.	...	...	...	As required.

*Precautions to be observed.*

250. Whenever shell-filling rooms or laboratories exist at a station, the operation of filling shells will be performed therein; at other stations the Officer Commanding the Battery will be held responsible that proper arrangements are made to ensure safety, and that the precautions laid down in Appendix VII. are as far as possible observed.

*Requisitions.*

251. Gun ammunition will be demanded on Army Form G 806, and will be dealt with in the manner laid down for small-arm ammunition.

*Dismissal of Recruits.*

252. Three rounds of common shells (plugged), and three of blank ammunition, are allowed for the dismissal of each Recruit, and such ammunition will be applied for as may from time to time be required on Army Form G 806.

*Oldest Ammunition to be used first.*

253. Ammunition of the oldest manufacture will always be first expended, and will be replaced by the next supply from store. A proportion of any new pattern of ammunition will be issued to each battery carrying on triennial practice.

*Plugged Shells.*

254. Shells required to be fired plugged will be taken from the empty shells supplied to replace those used at practice, and filled as directed in para. 277. In the exceptional cases mentioned in para. 249, the filled shells will, when the practice is carried on over land ranges, be emptied of powder and refilled as laid down in para. 277; when the practice is carried on over the sea, and there is no danger of their being recovered, shells may be fired filled with powder and plugged.

## MY CIRCULARS—continued.

*Fuzes for Boring.*

255. For instructional purposes, unserviceable M.L. time fuzes are allowed annually, as under—
- |                 |    |
|-----------------|----|
| 6-Gun batteries | 50 |
| 4-Gun batteries | 35 |

## GARRISON ARTILLERY.

256. The allowance of ammunition for the annual practice of Garrison Artillery is comprised under two heads—viz., Battery Practice and Station Practice.

*Battery Practice.*

257. Battery practice includes the allowance both for instructional and competitive firing.

*Armament Guns to be used for Battery Practice.*

258. With the object of familiarising the Officers and men with the particular equipment they have in charge, care will be taken that the Instructional Battery Practice shall be carried out, whenever practicable, from the guns forming a part of the armament of the district in which the battery is stationed, the guns being served from their proper magazines, &c. A statement showing the number of rounds fired from each 7-in. R.M.L. gun, and upwards, will accompany the Station Practice Report (para. 262a).

*Guns for Competitive Practice.*

259. Competitive practice, being solely for the purpose of testing the skill in laying, of individual non-commissioned officers and gunners, may be carried on from such guns as are, in the opinion of the Officer Commanding, most suitable for the purpose.

*Station Practice.*

260. At station practice all heavy guns, 7-in. R.M.L., and upwards, exclusive of those from which battery practice is carried on, and which are so mounted as to be capable of being fired with projectiles with safety, will be fired three times, consecutively, every second year,\* and from all other heavy guns, 7-in. R.M.L., and upwards, from which practice with projectiles cannot be carried on, three rounds of blank ammunition will be so fired. The above rounds will invariably be fired from the whole of the guns in each separate work on the same day.

*Arrangements for Station Practice.*

261. As a rule, station practice will be carried on annually from half the guns in a district, the whole of the guns in each of the works chosen for this practice, being manned simultaneously, and all arrangements made which would be necessary in action; the object being both for instruction and for testing thoroughly the working condition of the carriages and gear, and of all the fittings of the forts and batteries, for supply of ammunition, and for fighting the guns generally.

*Special Report of Arrangements made.*

262. Particular attention should be paid to the arrangements necessary in each fort or battery for its proper subdivision into groups of guns, with a view to its efficient control and command in action, and to the proper directing of its fire under all circumstances; and, in order to ensure that the experience gained in such station practice is not lost, a special report of it will be included in the Station Practice Report, *vide para. 262a*, describing in detail the mode adopted, with any remarks and recommendations that may suggest themselves for guidance in future practice.

*Targets for Shotted Practice.*

263. Targets will be laid out for shotted practice if practicable, and in certain districts it may be found advantageous to lay down a "special idea" for each occasion of the station practice from particular forts. In such cases targets will be placed in the positions hostile ships attacking the fort might be expected to take up, and fire of the work directed upon them. A copy of the "special idea" will accompany the Station Practice Report.

*Removing Bulkheads.*

264. When it is necessary for the purpose of practice or exercise to remove the bulkheads separating the emplacements of the heavy R.M.L. guns, the service will be carried out by the Royal Artillery, the Royal Engineer Department furnishing such explanation as may be requisite to expedite the removal. The bulkheads will also be replaced by the Royal Artillery.

*Responsibility for Damage.*

265. The responsibility for any damage done during the removal or replacing of the bulkheads, due to want of care, will fall on the Royal Artillery.

\* Every year at Gibraltar and Malta.

## ARMY CIRCULARS—continued.

## Allowance for Station Practice.

266. For station practice, the biennial allowance of ammunition for each gun capable of being fired with projectiles with safety will be:—

Nature of Projectile.	12.5-in.	12-in.	11-in. or 12-in. 25-ton.	10-in.	9-in.	7-in.
Shells, empty, Palliser	3	3	3	...	...	...
Shot, Palliser	...	...	...	3	3	3

## Shrapnel Shells.

267. In those works where Shrapnel shells are allowed as part of the equipment, these projectiles may be substituted for Palliser projectiles to the extent of one third the total number of rounds allowed.

## Blank Ammunition.

268. For blank ammunition, battering charges will be used for 12.5-in. guns, and full service charges for all other guns for which no blank charge may have been prescribed.

## Allowance for Battery Practice.

269. For battery practice, the normal allowance of ammunition will be annually:—

Nature of Projectile.	7-in. R.M.L.	80 or 64-pr. R.M.L.	7-in. R.B.L.	40-pr. R.B.L.	Mortars.	Total.
Shells { empty { common	4	...	5	...	10	9
{ mortar	2	...	...	...	10	10
{ Palliser	...	...	...	...	...	2
{ common	...	40	...	5	...	45
{ segment	...	...	5	...	...	10
{ Shrapnel	...	20	...	...	...	20
Shot, Palliser	4	...	...	...	...	4
Total	10	60	10	10	10	100

## 9-in. Guns may be used in lieu of 7-in.

270. If 7-in. R.M.L. guns are not available, 10 rounds may be fired from 9-in. guns.

## Normal Allowance may be commuted for lighter natures.

271. In order to facilitate instruction in the use of the various natures of ordnance which may be available for practice in districts, especially where the instruction in heavy gun firing conveyed through "Station Practice" alone, is ample for all purposes, and more practice with medium guns or lighter natures is desirable, Commanding Officers may commute the normal allowance for its equivalent value in other descriptions of ammunition, on the condition that more than the normal number of rounds are not fired from R.M.L. guns of 7-in. or over, and that the maximum number of rounds fired does not exceed 150.

## Scale of Commutation.

272. When such commutations are desirable or necessary, the following scale of alternative numbers of rounds will be adhered to:—

2 rounds	...	9-in. R.M.L. are equal to—
3 " "	...	7 " "
5 " "	...	7 " R.B.L.
8 " "	...	80 or 64-pr. R.M.L.
14 " "	...	40-pr. R.B.L.
10 " "	...	20 " "
20 " "	...	10-in. mortars.
	...	8 " "

## O.C.R.A. to confer with S.O.S.O. when Commutation is intended.

273. When any commutation is intended, the Officer Commanding Royal Artillery will, after conference with the Senior Ordnance Store Officer, submit to the General Officer Commanding what it is proposed to be, in time to obtain his sanction thereto prior to the preparation of the annual estimates, which, when passed, will govern the natures of ammunition to be used for practice during the ensuing season.

## ARMY CIRCULARS—continued.

## Guns of Position.

274. In the event of rifled guns of position forming a portion of the armament of the garrison or fortress the Officer Commanding Royal Artillery may use his own discretion in carrying on practice from such guns; the number of rounds expended will form part of the total allowance for each battery of Garrison Artillery.

*Proportions where 7-in. or 40-pr. R.B.L. and S.B. are alone available.*

275. At stations where 7-in. or 40-pr. R.B.L. guns are alone available for practice besides S.B. ordnance, the following proportions of ammunition will be allowed annually:—

Nature of Ordnance.	Shell.		Total.
	Common.	Segment.	
7-in. R.B.L. ....	25	25	50
S.B. ....			100
40-pr. R.B.L. ....	40	35	75
S.B. ....			75

*Charges to be used.*

276. All Palliser projectiles, and all descriptions of 12·5-in. projectiles, will be fired with battering charges, and all other projectiles will be fired with full or service charges.

*Common Shells to be fired Empty. Filled Shells.*

277. All common shells, except the 7-in. R.B.L., 80-pr., and all lighter natures, will be fired without fuzes, or bursting charges, but they will be filled with a mixture of sand to one of sawdust (this mixture being of about the same specific gravity as gunpowder, the shell when filled with it may be regarded as being of the same weight as if it contained a bursting charge). The shells will be plugged with the wood plugs representing time fuzes, the metal plugs being returned to store. In places where firing live shells is permitted, all Shrapnel and segment shells, and all shells for 7-in. R.B.L., 80-pr., and all lighter natures, will be filled and fired as for service. In places where no live shell can be used, common shell will be fired in place of Shrapnel or segment, and, in the case of 7-in. R.B.L., 80-pr., and all lighter natures, will be loaded with blowing charges, for which calico bags will be supplied, and properly fuzed.

*Palliser Shells to be filled.*

278. All Palliser shells will be brought up to their "filled" weight in the same manner as common shells.

*Shells firing Blowing Charges to be filled.*

279. All shells fired with blowing charges will be filled with dry coal dust, space only being left for the insertion of the fuze and of the bag containing the blowing charge.

*Mortar Shells.*

280. Fuzes, with blowing charges only, will be supplied for mortar shells.

*Coast Brigade.*

281. Divisions of the Coast Brigade will have the same proportions as Garrison Batteries, the different detachments participating, as far as possible, in the practice.

*Rockets.*

282. At home, 20 Hale's rockets will be supplied yearly by the Commandant to each battery which carries out its annual practice at the School of Gunnery, Shoeburyness.

*Requisitions for Gun Ammunition.*

282a. Demands for ammunition will be made on Army Form G 805, and will be dealt with in the manner laid down for small-arm ammunition. Projectiles condemned for practice only being demanded, if there are none on charge.

*Dismissal of Recruits.*

282b. Two rounds with shot or shell, and three of blank ammunition, are allowed for the dismissal of each Recruit, and such ammunition will be applied for, as may from time to time be required, on Army Form G 808.

*Gas-checks to be used.*

282c. Projectiles for which gas-checks have been approved will invariably be used at station or battery practice with gas-checks, except in the case of guns ordered, on account of scoring, to be used without gas-checks.

## ARMY CIRCULARS—continued.

*Ammunition longest in Charge to be first used.*

292*d*. The ammunition of oldest manufacture will always be first expended, and will be replaced by the next supply from store. Shells required to be fired plugged, should be taken from the empty shells on charge.

*Spare Fuzes and Tubes.*

292*e*. No spare fuzes will be authorised for practice, but spare friction tubes will be allowed in the proportion of 10 per cent.

*Calico and Paper Bags.*

293*f*. Calico and paper bags for bursters of shells need not be returned to store at the conclusion of gun practice, but should be shown as expended.

*Lacquering Bores.*

### G.O. 293.—Reviews.

(Specially issued, 20th November 1882.)

His Royal Highness the Field-Marshal Commanding in Chief has received the Queen's commands to convey to General Sir Garnet J. Wolseley, G.C.B., G.C.M.G., and the Officers, non-commissioned officers and men of all the branches of the Expeditionary Force Her Majesty's admiration of their conduct during the recent campaign, in which She has great satisfaction in feeling that Her son, Major-General His Royal Highness the Duke of Connaught and Strathearn, took an active part.

The gallantry displayed by the well-organised Contingent of Her Indian Army, and by the Royal Malta Fencible Artillery, as well as by Her Sailors and Marines, has not failed to attract Her Majesty's attention.

The troops of all ranks, in the face of obstacles of no ordinary character, have shown a marked devotion to duty. For a time without shelter in the desert, under a burning sun, in a climate proverbially adverse to Europeans, their courage and discipline were nobly maintained throughout, and to this, under brave and experienced leaders, may be attributed the success which has distinguished this campaign.

The defeat of the enemy in every engagement, including the brilliant Cavalry charge of Kassassin, culminated in the action of Tel-el-Kebir, in which, after an arduous night-march, his position was carried at the point of the bayonet, his guns were captured, and his whole Army, notwithstanding its great numerical superiority, was completely dispersed.

It is, therefore, with the highest gratification that His Royal Highness conveys Her Majesty's welcome to the troops whom it was Her pleasure to review on the 18th instant, and His Royal Highness, at the same time, has to express Her Majesty's thanks to the entire Force for the brave and exemplary conduct displayed by all individually and collectively during the campaign.

R. B. HAWLEY, *Dep. Adj.-Gen.*

### G.O. 294.—Army Organisation.

Her Majesty the Queen has been graciously pleased to approve of the 1st Berkshire Rifle Volunteer Corps being in future designated the 1st Volunteer Battalion of the "Princess Charlotte of Wales's (Berkshire Regiment)."

## GEN. ORDERS—continued.

**G.O. 295.—Transfers to Army Reserve.**

The following will be substituted for para. 99, Sec. XIX., of the "Queen's Regulations and Orders for the Army, 1881":—

99. Soldiers transferred to the Army Reserve will be instructed to report themselves, either personally or by letter, to the Officer charged with the payment of the Army Reserve in the district in which they intend to reside. The address of this Officer should be given to the man before he leaves his regiment. If they report themselves by letter they should at the same time state their place of residence, and forward their protecting certificate (Army Form D 439), in exchange for which a parchment Descriptive Return (Army Form D 426) will be sent to them.

**G.O. 296.—Drill of Artillery Militia Brigades.**

The following will be added after para. 305, "Militia Regulations":—

**3a. INSTRUCTION OF ARTILLERY MILITIA BRIGADES.**

305a. Instruction in Infantry drill and manœuvres should, in addition to setting-up drill, marching drill, and carbine exercises, be chiefly limited to necessary drill. The only tactical movements necessary are deployment and formation of columns, wheel of columns, and change of front, in the event of the regiment being as an exception brought into brigade. The primary object is proficiency in Artillery exercises, to which as much time as possible should be devoted.

305b. The following division of time is suggested as the most advantageous for the general instruction of Artillery Brigades.

**Infantry Drill—**

1 hour in the morning for 20 days	...	...	...	...	20 hours.
Gun drill, Instruction in Ammunition, &c.—	...	...	...	...	40 "
2 hours in the mid-day for 20 days	...	...	...	...	40 "
Practice and Repository Exercises—	...	...	...	...	40 "
2 hours in the afternoon for 20 days	...	...	...	...	100 "
Total					100 "

Or 20 days of 5 hours each.

**G.O. 297.—Practice Reports, Artillery Volunteers.**

The Practice Reports of Artillery Volunteers, Army Form B 80, will in future be rendered annually on the conclusion of the gun practice.

Para. 1042, Volunteer Regulations, will be amended accordingly.

**G.O. 298.—Bandmasters.**

The following will be substituted for para. 65, Sec. VII., of the "Queen's Regulations and Orders for the Army, 1881," as amended by G.O. 212 of 1882:—

65. Military Bandmasters are not permitted to wear plain clothes on any military duty, and when in uniform will be dressed in strict conformity with the Regulations of the Service. They will receive 707, or in India 700 Rupees a year, from the Band Fund, in addition to the pay of their rank. The pay from the Band Fund will be considered as Working Pay, and they will not become entitled to it until they have joined, and assumed their duties. Neither will it be allowed for any period of absence from duty with the band—in excess of 30 days in each year, reckoning from the 1st April—except when on public service. They will rank next after the Regimental Sergeant-Major, and with the Schoolmaster, if the latter is a Warrant Officer, according to the date of appointment as Warrant Officer. In cases where the dates of appointment are the same, the Schoolmaster will take precedence.

**G.O. 299.—Canteens.**

The following paragraph will be substituted for para. 63, Sec. XV., of the "Queen's Regulations and Orders for the Army" (Army Regulations, Vol. II.):—

63. The nomination of fit persons as tenants for canteens in Great Britain and Ireland will be made by the Officer Commanding the Regimental District in which the canteen is situated. In the Channel Islands, and at Foreign Stations, the tenants will be nominated by the General or other Officer Commanding, and the usual agreement, terminable at a week's notice, is to be entered into. Copies of the agreement will be furnished by the Senior Commissariat Officer to Commanding Officers when required. Canteen tenants will only be removable by the authority of the General or other Officer Commanding the Troops.

**G.O. 300.—Discipline.**

The following will be added to Sec. VI., "Queen's Regulations and Orders for the Army, 1881," as para. 49(a):—

49(a). If it shall appear to the General Officer Commanding a district or station that any summary punishment awarded by a Commanding Officer was illegal or excessive, he may, within one year of the award, direct, either that the award be cancelled, and the entry in the defaulter books expunged, or that the punishment be reduced, as the requirements of the case may, in his opinion, demand.

After the expiration of one year from the date of the award, any case which the General Officer may consider deserving of consideration must be referred for the decision of the Field-Marshal Commanding-in-Chief, or in India, of the Commander-in-Chief in India.

## GEN. ORDERS—continued.

**G.O. 301.—Dress.**

The following will be substituted for Clause *a*, para. 43, Sec. XII., of the "Queen's Regulations and Orders for the Army, 1881":—

(*a*.) The helmets or chacos are not to be worn on one side of the head, but are to be placed evenly on the men's heads and brought well down on the forehead with the chin-strap under the chin. The chin-strap may be fastened to the hook near the top of the helmet, when the helmet is worn otherwise than on duty or on parade.

**G.O. 302.—Royal Engineer Commands.**

**G.O. 304.—Recording Good-Conduct Pay.**

I. General Order 193, of 1882, should only have applied to Non-commissioned Officers enlisted on or after 1st July 1881, and is, therefore, cancelled.

II. Sec. XIX., para. 141 (3), as altered by General Order 34, of 1892, will be amended as follows:—  
After "Non-commissioned Officer," insert "enlisted prior to 1st July 1881."

III. Omit para. 143, the subject thereof being dealt with in Sec. XXII., para. 24.

IV. The first sentence of Sec. XXII., para. 24, will read as follows:—

24. The dates of grant, forfeiture, and restoration of good-conduct pay, or in the case of Non-commissioned Officers, *enlisted prior to 1st July 1881*, the various dates on which they would have become entitled to good-conduct pay, if not promoted, should be recorded in red ink on the record of service on the third page of the Attestations as they occur.

## GEN. ORDERS—continued.

*Proceedings on Enlistment.*

136(a). All men offering themselves for enlistment will be served by the Recruiter with a notice paper, Army Form E 597, but they will not be accepted until it be ascertained by personal inquiry, if possible, in the localities from which they profess to come, that they belong to the class required, and have a settled residence within the county to which the regiment belongs.

(b.) When the recruit is to be drilled on enlistment, the military and medical examination, both primary and final, and also the enlistment of the man, will be at once proceeded with in the order laid down in Sec. XIX. of the "Queen's Regulations and Orders for the Army, 1881," for ordinary recruits.

(c.) When the recruit is not to be drilled on enlistment, the primary, military, and medical examination, and the man's enlistment, will be proceeded with as directed in the preceding paragraph; but the final medical examination and final approval by the Officer Commanding Regimental District will be deferred until the man comes up for preliminary drill or training; the final medical examination of these recruits will be conducted by an Approving Medical Officer, as defined by Sec. XIX., para. 6, of the "Queen's Regulations and Orders for the Army, 1881," whenever such an Officer is available at, or within a mile of, the place of enlistment. In other cases, the final medical examination will be carried out by the Medical Officer in charge of the Battalion or Brigade, whether he be an Army Medical Officer or Civil Medical Practitioner, under instructions which will be issued by the Director-General of the Army Medical Department.

*Character.*

137. If the recruit presents the appearance of having served before, but denies having done so, or if there are any doubts as to his antecedents, he should be required to give a reference to his former employer, or other responsible person, to whom the Recruiting Officer will forward an application as to the man's character on Army Form B 61.

In the event of the reference proving unsatisfactory, the man's enlistment will not be proceeded with.

*Enlistment of Volunteers to be notified.*

138. When an enrolled Volunteer enlists in the Militia the Officer Commanding the Militia Battalion of Infantry or Brigade of Artillery Militia or Engineer Militia Regiment will notify the same to the Officer Commanding the Volunteer Corps to which he previously belonged.

*Enlistment Book.*

139. The names, ages, and other particulars relating to militiamen will be recorded in an Enlistment Book, as shown in the Enlistment Sheet (Army Form E 509).

See also para. 411 for further instructions as regards men belonging to the Militia Reserve.

*Pocket Ledger.*

140. A militiaman's pocket ledger (Army Form E 532) will be given to every man on enlistment.

*Apprentices.*

141. An apprentice enlisting in the Militia, and denying on his attestation that he is an apprentice, is liable to punishment for making a false answer on attestation.

He may, however, if claimed by his master, be discharged on payment of 17. expenses, or, if this condition is not complied with, he may be given up to his master, and, on the termination of his apprenticeship, he will be liable to be claimed as a militiaman, and will be required to fulfil his Militia engagement.

*Friendly Societies.*

143. No militiaman, by reason of his enlistment or service in the Militia, forfeits any interest he may possess in any registered friendly or benefit society.

*RE-ENGAGEMENT.**Period of Re-engagement.*

144. A militiaman may be re-engaged at the end of the last training of his current engagement for the unexpired portion of that engagement, and four years in addition, or he may be re-engaged at any subsequent period prior to the expiration of his engagement.

*Re-engagement.*

145. A militiaman who re-engages in accordance with the preceding paragraph will not be re-attested, but will, after the prescribed medical examination, make a declaration on Army Form E 507, before a Justice of the Peace, having jurisdiction in the place where the militiaman may be at the time, or before any Commissioned Officer of the Militia Battalion or Brigade to which he may belong.

*Limit of Age for Re-engagement.*

146. Militiamen may be re-engaged up to the age of 45 years.

*RE-ENLISTMENT.*

147. A militiaman will be re-enlisted for a period of four years. In all other respects a re-enlistment will be carried out in exactly the same manner as an enlistment.

## GEN. ORDERS—continued.

may be seen from the Reports of various scientific  
persons:—

**THE ASTRONOMER ROYAL**, (Sir G. B. AIRY,) in his Report  
to the Admiralty (13th of August 1870) on the forty Chronometers entered  
for annual competition, says of M. F. DENT's Chronometer—

**"THIS IS THE FINEST CHRONOMETER THAT WE HAVE EVER  
HAD ON TRIAL."**

N.B.—The LATE ASTRONOMER ROYAL (J. POND, Esq.), reporting in 1829 on the celebrated  
public trial, by order of The Lords of the Admiralty, which lasted thirteen years, during  
which nearly 500 Chronometers were tested, says:

"Your Chronometer, No. 114, is entitled to the First Premium. Actual variation in the year  
54 hundredths of a second. This is superior to any other yet tried."

**THE RUSSIAN IMPERIAL ASTRONOMER**, M. STRUVE,  
of St. Petersburg, reporting upon 81 Chronometers tested by the Russian Chronome-  
trical Expedition, in 1843, says:

"The DENT CHRONOMETERS have held FIRST RANK in a brilliant manner. They  
contributed, beyond dispute, THE MOST EFFECTUALLY to the exactitude of the results."  
"M. STRUVE."

•• By Command of the Emperor, the Russian Gold Medal of the Highest Order of  
Merit was presented to Mr. DENT.

**SIR WILLIAM ARMSTRONG**, Inventor of the Armstrong Gun,  
says:—

"9, Hyde Park Street, W., 14th November 1861.

"The Chronometer Watch you made for me in December 1859 has never been  
affected by travelling or riding; its variation at the end of a year was only 45 seconds.  
It has proved in every respect a most satisfactory Watch.
